DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

--- Claims 6-10 have been cancelled.

Authorization for this examiner's amendment was given in a telephone interview with Douglas Pinsky on 12/7/06.

Allowable Subject Matter

2. Claims 1 thru 5, and 11 are allowed. The following is an examiner's statement of reasons for allowance: The references of record, either singularly or in combination, do not teach or suggest at least a piezoelectric element comprising: a region containing crystals of said first material and crystals of said second material exists between said lower electrode and said piezoelectric film, and/or a region containing crystals of said second material and crystals of said third material exists between said piezoelectric film and said upper electrode.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
